

AGENDA

7th February

9:00-9:30

Welcome participants and introduction to the training School

Prof. Andreia Sousa

9:30-10:30

Mariagiovanna Vetere -Vice President European Bioplastics Association

Biopolymers in the Circular Economy context – the future of packaging materials

10:30-11:00

Coffe Break

11:00-12:00

Prof. Marco Giacinti Baschetti - University of Bologna

Gas permeability in polymer films and barrier properties

12:00-13:00

Prof. Maurizio Fiorini - University of Bologna

Rigid plastic packaging: materials and processes

13:00-14:00

Lunch Break

14:00-16:30

Visit to Tetrapack

20:00

Dinner

8th February

9:00-10:00

Prof. Nadia Lotti – University of Bologna

The sustainability of food packaging: innovative solutions and strategies

10:00-11:00

Prof. Francesca Patrignani – University of Bologna

Microbial potential for the development of active and sustainable food packaging

11:00-11:30

Coffe Break

11:30-12:30

Prof. Michelina Soccio University of Bologna

Eco design of furan-based polymers for sustainable food packaging

12:30-13:00

Concluding remarks

13:00-14:30

Lunch Break

14:30-17:30

Visit to Sacmi
